

# Parenting Connection WA Kimberley

Offers free support, workshops and information to parents and carers with children from pre-birth to 18 years.

### Our service includes:

**Individual appointments:** face to face or by phone (restricted by capacity).

**Topical Workshops:** On a range of parenting topics as requested including bullying, cybersafety, behaviour, developmental milestones.

**Events:** Parenting support/presentation at events as requested.

**Parenting Capacity Fund:** Parenting Connection WA is also responsible for administering a Parenting Capacity Fund, designed to broker funds through small grants to community groups and organisations for the provision of specific parenting services to meet identified local need. The fund aims to avoid duplication of services in areas and should be agile in responding to a variety of sectors, cultures and denominations throughout the various Kimberley regions.

Local parents, community groups and service providers are encouraged to have their say and share what services would help their local community.
